

## AHC results for 2018

The results for the Australian History Competition are now available and all schools should receive their results by August 14th. If they have not arrived by August 16th please check with your office to see if they are there. If not, can you email us at [admin@AustralianHistoryCompetition.org.au](mailto:admin@AustralianHistoryCompetition.org.au) telling us your school and which results you are missing and your address and we will send a replacement set.

As would be expected the year 10 students performed better than the year 9 students on the year 9/10 paper. The same pattern occurred with the year 8 and 7 students. This reinforces that students are progressing in their historical skills and knowledge through all year groups.

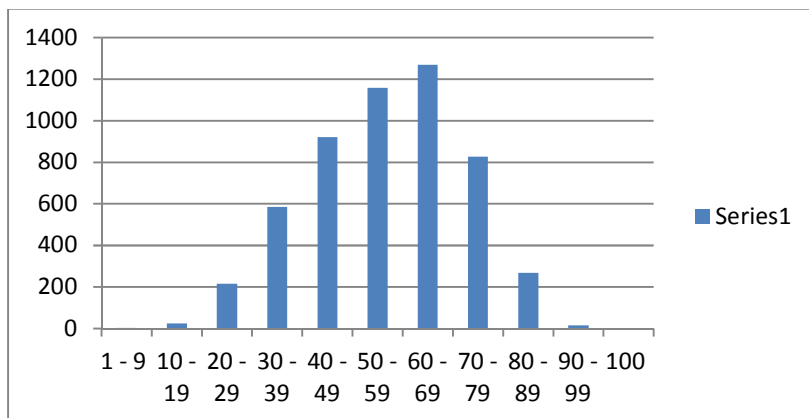

Two grade 8 students, **DANIEL HOLLAND AND MAX DE VRIES**, scored 100% and three grade 10 students, **CHRISTINA GAO, CLARICE ANG AND THOMAS WU**, also top scored with 100%.

The cut off levels for each group are slightly different as follows:

	Grade 7	Grade 8	Grade 9	Grade 10
<b>High Distinction</b>	80	84	82	86
<b>Distinction</b>	72	76	76	80
<b>Credit</b>	64	70	70	74
<b>Merit</b>	56	62	62	66

The Bell Curves for each year level are shown below. We extend our thanks to the writing committee for again writing papers that reflect the positive skew of results that was intended. The rationale for the positive skew is fundamental to the ethos of the Australian History Competition - we provide a rigorous test of students skills and knowledge in the framework of a competition that aims to encourage the study of history.
